### WORK EXPERIENCE

#### Senior Front-end Developer (Tech Lead)

Cybernet LLC | September 2021 - Present  
Baku, Azerbaijan (On-site)

One of the largest and most complex web projects in Azerbaijan - the development of an Automated Taxation Information System for the State Tax Service of the Azerbaijani government. I have contributed to various major modules and, for over a year, have been leading the declaration module, enhancing its workflow and risk management processes.

#### JavaScript and React Instructor

IT Innovations Academy | September 2024 - February 2025  
Baku, Azerbaijan (Part-time)

I provided hands-on training, mentored students, and helped them build real-world projects, focusing on modern front-end development best practices.

#### Junior Front-end Developer

TechNova | April 2020 - May 2021  
Saint Petersburg, Russia (Remote)

I contributed to the development of various projects, including a flower shop, a language course platform, and a website for a beverage production company. I focused on creating user-friendly interfaces and enhancing the overall user experience.
